

Meeting notes from September 5th, 2023

Attendees:

Casey Chris Dave Jim Ron Jerry Rick Zach Mark
Paul Greg Shaun Wade Joe Butch

Club News: Casey brought up the topic of hosting the regional show for next year. The club had a fantastic turnout for the show this year and is definitely ready to move on to the next level! Get er done!! Our show for 2024 is scheduled for the 20th of April, 2024.

In other news the Regional Coordinator position is open and both Casey and Greg have made inquiries about the opportunity.

Hobbytown Tulsa will be hosting a "New Type" model show on October 21, 2023 to showcase their large Gundam inventory, definitely a look see so save the date!

Our friends at Central Arkansas Scale Modelers are hosting a show the last weekend of September. The judging for this show is not the traditional 1st, 2nd, 3rd but will be under the "GSB" format. They are now accepting registrations online at <http://www.casmodels.org/pre-registration.html>

On to show and tell!!

Joe continues to spread his talent around and brought in a 1/350 scale USS Missouri by Academy depicted as she was when the Japanese signed the armistice in Tokyo Bay in 1945. Well done!

Mark brought in 4 different models for us to enjoy, a Star Wars "Y" Wing, a 1/72 scale KV-1 by Pegasus, Another 1/72 kit from Pegasus with a "Hetzer" and a nicely done night fighter Hurricane MkI by Airfix

Greg brought in some of his amazing work and had a few for the "Spaghetti and Meatballs" theme for this meeting. A 1/72 Toni Ki-61, 1/72 Folgor from Super Hobby, 1/72 Maachi, and a 1/72 Claude, all in flight of course! In addition a 1/72 P-39 from Arma Hobby for an IPMS review.

Zach put a sweet twist on a 1/24 Tamiya "Skyline" and dressed it up in WW2 Japanese Imperial Navy colors to represent for the Spaghetti and Meatballs theme. His Italian contribution was a 1:1 scale box of Barilla pasta...well done!! 😊

Butch brought in the Trumpeter 1/32 P-47D he has been working on for awhile, slowing getting it completed.

Casey brought in a couple of "Aztec" panels that he is using to flesh out the color scheme on the Enterprise he is building from the new Trek series "Strange New Worlds"

And Ron brought in some recent additions to his stash, some really neat Star Trek resin kits were included!

Next months theme is "In The Raw", aircraft in their natural metal finish

This months raffle winner was Mark taking home a very nice 1/35 Jeep kit, congrats Mark!

Zach was our modeler of the month, his 3rd one this year with his 1/24 Skyline build. Congratulations Zach, very well deserved!

See ya next month!
