

Tulsa Modelers Forums meeting notes July 11, 2023

Attendees:

Paul	Butch	Wes	Court
Greg	Chris	Jerry	Vernon
Casey	Mark	Kurt	Dave
Joe	Rick		

Notes: Were short and sweet this meeting as this time of the year we are far enough removed from our show that there is not a lot of club business to discuss. Greg did give us a report on the OKC show and the giving of the "Peter Z" for soft side armor. The awardee receives one of Greg's amazing plaques and free admission to our show next year. Our plans are to take these to every show we able to attend and hand them out to promote attendance of our show next year. There is still a lot of buzz regarding our show this year and next years looks to be even better, stay tuned!!!

The TMF Facebook page continues to pick up new visitors and members, if you have a Facebook account and haven't connect with is there yet here is a link to the page: <https://www.facebook.com/groups/1354740425331941>

On to Show N Tell!

Joe continues to do a great job exploring all aspects of the hobby and builds in all genres. He brought in a nicely done German scout vehicle to share with the group in 1/35 scale from Italeri

Jerry had a magnificent 1/32 Trumpeter Crusader with a Fischer Conversion kit to reproduce the recon version of the aircraft. Awesome job!

Butch brought in a 1/537 AMT Enterprise(Star Trek) heavily kitbashed into a Federation Timeship. A commission for a Star Trek Club in New England its ready to head to its new home. Butch also had a Revell Bell X-1 in progress to share.

Wes, who likes to work in the microscopic brought in some fantastically painted 1/700 B-24's in Coastal Command colors.

Wes also brought in an Academy 1/700 USS Enterprise on a beautiful water base and used Trumpeter 1/700 aircraft to place on the deck as they were better detailed than the kit supplied planes.

And last but not least Wes had a 1/6 figure of a Navajo Codetalker that he picked up at The Hussar model/figure shop.

The prize kit in tonights raffle was the new Tamiya 1/48 F-4 that Paul Wilford won and took home smiling all the way. Congrats Paul!!

This months Model of the Month was awarded to Butch for his Federation Time ship. Congrats!

On The Bench

As reported by our attendees this is currently whats under progress

Kurt: Paper Hanger

Jerry: Taking a break but then on to Vietnam era aircraft

Court: F89H 1/48th scale and a paint booth

Butch: 1/32 P-47 Razorback

Chris: Su27

David: 1/72 scale T-34 currently in paint

Casey: Klingon Bird of Prey in paint

Greg: P-39N from Arma Hobby and a J29 that is being re scribed

Paul: Hasegawa “Buddy Build” Japanese planes

Wes: 1/700 USS California, Pearl Harbor edition

Vernon: Putting his model room back together

Mark: 1992 Davey Allison “Cut Car” with decal issues

Rick: Still unpacking so he can get to his models

Joe: Is studying on how to be a better modeler

See ya next month!!
